Tree Preservation Order Search

The map below can be used to find out whether a property or piece of land is possibly affected by a Tree Preservation Order (TPO). It is advised that you contact the [Planning Department](#) to find out any further information before carrying out any works to trees that may be affected.

- [How do I use the map?](#)
- [What is a Tree Preservation Order?](#)

Please note: The information below is for indicative purposes only. This layer was created by The Local Land Charges team and does not show the location or ownership of a tree. Please be aware trees may no longer be in place but still covered by a Tree Preservation Order. Contact the Planning Team on 01903 737711 for any further information.

How to use the map

- Use either the address search tool (envelope icon in the green bar), or zoom (plus and minus icons) and pan tools (hand icon) to locate your property or land
- Select the information tool (the 'i' icon in the green bar) and click on the property or land to show any data for Tree Preservation Orders (shown shaded in red). This reference is what needs to be quoted when making enquiries with Planning.
- You can view recent TPO files (from 2007 onwards) at the following link: <http://www.arun.gov.uk/main.cfm?type=TREEPRESERVATION&objectId=4187&searchtermredirect=tree> or for older data contact Planning on 01903 737711

What is a Tree Preservation Order?

A Tree Preservation Order (TPO) is a legally enforceable order made by the Local Planning Authority (LPA) to protect trees and woodland in the interests of public amenity. The power to make a TPO is contained in the Town and Country Planning Act 1990 and the Town and Country Planning (Trees) Regulations 1999 and 2008. The principal effect of a TPO is to prohibit the cutting down, uprooting, topping, lopping, wilful damage or wilful destruction of protected trees or woodlands unless permission has been given by the LPA.
