Dear Simon

Thank you for the invitation to speak at the planning committee but as I work full time I am not able to attend as I have work meetings that I must attend instead.

However, I have attached 2 photographs from yesterday at 4.50pm which show the problems that pedestrians have in safely using this area. In this case you either have to go out into the road or try to slip out between the parked vehicles. This was without any illicit deliveries taking place and shows quite clearly the issues raised by WSCC Highways and why they are so keen for there to be no deliveries in the evening before 6pm. Please remember that this site is right next to a children's play area and hence the area does have higher numbers of vulnerable users.

I see that the officer recommendation is to approve with conditions and I hope that these conditions are those that have been suggested by WSCC Highways?

Kind regards

Sally
