I strongly object to felling an oak tree outside 75 Outerwyke rd ,it has a preservation Oder on it since 1987 after the hurricane as we lost so many trees.
It is doing no harm apart from shedding its leaves and acorn which I admit have been a lot worse this year but it is only for a short time .
It is food and shelter for our wildlife as well , to see it go after all this time would be very sad it has done no harm in the 50 yrs that I have lived here .
