Thank you for your email of 26 September.

I propose to crown thin the silver birch, eucalyptus and portuguese laurel by 30% in each case.
The conifer will be nearer 40%.

Since submitting my application, i visited your offices and the planning dept.
I looked at microfiches of the road and my house and i didn't find conclusive proof that the trees in my garden were covered by a TPO. The lady on the desk wasn't sure either.

Also my tree surgeon measured the circumference of the silver birch and eucalyptus, as his understanding is that trees planted before 1962 are covered by a TPO.

The silver birch is 32 years old and the eucalyptus 27 years old from measuring and checking on a computer programme.

I would be grateful for some clarity on this please

Kind regards

David Collins
