

TO THE CHIEF CLERK ARUNDEL DISTRICT COUNCIL

FP/166/17 IT

THE persons signatures below are all ; one way or another; suffering because of the fall out from the large white poplar tree in the front north east corner of the property at 54 Outerwyke Road PO22 8NF.

We are partitioning the council to enforce the owner to completely demolish this tree or at least cut back all branches that overhang the road and Lauren Gardens drive; and to reduce the overall height.

In our opinion the tree is dangerously top heavy and considerable parts of it are dead wood.

Any collapse of the branches would cause serious damage to adjoining or opposite dwellings; and possibly death or severe injury to any persons in the vicinity. Outerwyke road is very busy at peak times with numerous parents and children making their way to and from school underneath the overhanging branches ; and breathing in the "pollen"—another aspect of health problem?

The fallout of this pollen, leaves, berries; twigs-- block drains; cause problems for all ages who suffer with asthmatic or bronchial symptoms . It also makes it impossible to open windows and doors in hot weather which is compounded even more with extreme hot days then causing even more health problems.
