Dear Mr Hackman,

I have just received comments regarding your application for tree surgery at 2 The Midway, Felpham.

As it stands the application is set to be refused, however, the Arboriculturalist has suggested alternate works. Instead of a crown lift of 5.5m, he advises that 4m would be acceptable.

Would you accept the change of description? This would save a re-application in the future.

Please reply within a week so I can change this for you.

Yours sincerely,

Z Denton
