44 Wood Hill Way

Felpham

Bognor Regis

PO22 8GJ

09th November 2019

Dear 

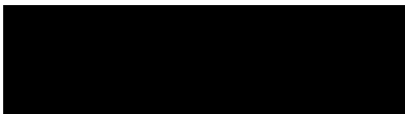

Allison and I are currently in the process of requesting permission from 'Arun District Council' to allow us to cut back your trees that have a Tree Preservation Order on them.

The reason for requesting permission to cut them back, is that they have started to hit the roof of our home, which is more notable during the windier days. We will also be cutting back the majority off the trees that are overhanging our property at the same time as some of the others are now also hitting the garage roof, also dropping leaves and small branches on to our property.

I believe by law, we have to offer you back the branches that have been cut off. Would you like to have the branches returned or can we dispose of them?

I currently work shifts, so you can either post a note through the door or text me. I will eventually reply.

Thank you in advance

Allison and Nat

Hi Allison and Nat, thank you so much for your letter, it is very nice of you to let us know - we have no problem with cutting the trees back and please feel free to dispose of the branches. If you need to getting into our garden during the cutting of the trees please let me know and we make sure you have access. Many Thanks [REDACTED]
