Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: FP/170/21/PL
Site Address: Land North of Felpam Bognor Regis
Description of works: Replace bollard with chicanes adjacent to emergency access gate.

Thank you for your internet representation made on 30th July 2021 which has been recorded as an objection with the comments as follows:

OWPC39015

I'm objecting to this application on the grounds that the design is unfit for purpose.

The first problem is that the unsightly yellow gates that have been erected as emergency access are not rattle free (Rubber Buffers) during the nights when we even have a slight breeze in the air it's keeping us awake with its constant rattling.

The second issue we have with these hideous yellow gates is that on 2 occasions now the emergency services have tried to gain access through the hideous gates and failed, one time the Ambulance service had to walk through the cycle chicane with their trolley bed to collect a patient who was then Blue Lighted to hospital to receive further treatment.

On the second occasion the Fire Service from Worthing approached the gates only to find they could not get through so then delayed their attendance to a house fire on the golf links road which I'm sure attributed to further damage to the property due to the delay and both occasions lives could have been lost.

This is a serious issue and you need to think about the design before a life or two could be effected.

Your views as made above will be considered before the application is determined.
