Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: FP/170/21/PL
Site Address: Land North of Felpam Bognor Regis
Description of works: Replace bollard with chicanes adjacent to emergency access gate.

Thank you for your internet representation made on 12th August 2021 which has been recorded as support with the comments as follows:

OWPC39509

Hello, since the gates have been installed the Drive has become a much safer place again and the noise levels have dropped dramatically, the need for these chicanes is huge as before they were installed the motorbikes would come racing through and on numerous occasions there was close to being a accident or even worse a fatality. Living in the drive all we want is the safety aspect back for our children and family's and other pedestrians who use this access. The residents have also had numerous troubles when trying to drive out of their driveways because the motorbikes and cyclists were racing through and on a few occasions there were heated discussions when asking them to slow down.

We live in a nice residential area and would like it to remain this way with the peace and quiet we deserve and for this reason, all at our household support this planning application. Regards, C Tilling
