Thank Simon, good news.

I believe all that is left to resolve is the tree officer comments and the s106? -

The AIA completed, just need to check today and sent to you along with amended plans to reflect the recommendations within.

Kind regards,

Pete

Hi Simon,

Based on the supplied information I am happy with the broad drainage proposals and will review them in full detail at DOC stage. I believe I have requested ENGD2B, ENGD3A, ENGD4A, ENGD5A, ENGD5B and ENGD6A.

ENGD2B can be adapted to now remove the requirement for winter infiltration testing, infiltration didn't work in the summer, so it isn't going to work in the winter.

Thanks,
