Dear James,

You are one of four that I need to get on the agenda, one of which has already been written. The other two however are older than yours so I have to do them first (albeit they are minors). I have until Thursday and will be working on Committee applications from Monday. Therefore I should be able to get yours done too by the deadline.

Kind Regards

Simon J Davis MRTPI | Principal Planning Officer, Planning Department, Directorate of Place, [Arun District Council](#) |

Hi Simon,

Thank you for sending this over. It is sad that we can not remove the objection but it is useful to have the conditions as we will hopefully have these method statements in place before the committee so if questioned on the matter we can explain how we have this all in hand.

On a Fact only basis the existing floor level is a minimum of 700mm below our proposed pathway and road. These levels have give our Arboriculturist confidence that this will help the committee to see that this is a non issue- (fingers crossed from my side!)

With regards to the December committee are we set for this date now? Please do give me a call if you have any questions or queries.

Kind regards,

James
