Dear Lauren,

Thanks for your email. We require an extension of time in order that we determine the decision within an agreed timescale and thus meet our national government targets. Whilst you do not need to accept to have the permission released (i.e. we can't refuse permission or refuse to release the decision because you have not agreed), we feel that we have worked hard to get this decision through including getting the application on the Committee as an urgent item and working to ensure that the S106 is completed promptly so we do feel that it is not an unreasonable request.

Kind Regards

Hi Simon,

Hope you are well,

We are happy to give an extension of time, just would benefit from understanding the requirement. Is it for the release of the planning consent? Would you be able to get the planning conditions out for consultation in this time? Ideally the sooner we can gauge feedback the better.

The S106 is out for signing this afternoon I believe, so we should have this completed by EOP tomorrow, I am down at your office today to collect I believe so I will drop in the application form and cheque while I am there to accompany the below.

Regards
