Re:- PLANNING APPLICATION : - FP/177/17/OUT – 9 DOWNVIEW ROAD,
FELPHAM

Dear Sirs,

Please accept my apologies for this late objection to the above planning application but I hope you can still take this into account.

This backyard development is totally inappropriate and out of proportion to the road on which the house stands in Downview Road.

We have had an enormous increase in traffic on Downview Road and all the surrounding roads due mainly to the huge development of houses on the edge of Felpham, whose residents must access the two schools locally down the aforementioned roads; while we accept that children must attend school and their parents drive them (very few walk these days) to add to the congestion and safety of all concerned must be a worry, to say the least.

This application requires the demolition of a garage and the subsequent traffic to this backyard development, so close to the traffic lights on the A259 and the Holymead Nursing home on the corner, is cause for concern.

We are lucky enough to live in a lovely part of Felpham and we feel that to allow this type of development will spoil the character of the area, increase traffic and pollution and give access to the back gardens of houses on Downview and South Roads and increase opportunities for opportunistic criminals, making many residents feel insecure.

Please don't spoil this 'green and pleasant land'; one which we must treasure and preserve.

Yours sincerely,
