To: Maria Tomalova <Maria.Tomalova@arun.gov.uk>; Planning.Responses <Planning.Responses@arun.gov.uk>

Subject: 7 Middleton Road, Felpham, Bognor Regis, West Sussex, PO22 6BL - FP/184/20/PL

Planning Application Reference: FP/184/20/PL

Proposal: Rear of 7 Middleton Road Felpham PO22 6BL. Demolition of existing garage/outbuilding & construction of a pair of semi-detached houses & associated works. This site is in CIL Zone 4 & is CIL Liable as new dwellings.

Location: 7 Middleton Road, Felpham, Bognor Regis, West Sussex, PO22 6BL

Dear Maria,

Environmental Health has no objection in principle to the above proposal however the following matters must be considered.

Unexpected contamination

If during development, any visible contaminated or odorous material, (for example, asbestos containing material, stained soil, petrol / diesel / solvent odour, underground tanks or associated pipework) not previously identified, is found to be present at the site, no further development (unless otherwise expressly agreed in writing with the Local Planning Authority) shall be carried out until it has been fully investigated using suitably qualified independent consultant(s). The Local Planning Authority must be informed immediately of the nature and degree of the contamination present and a method statement detailing how the unsuspected contamination shall be dealt with must be prepared and submitted to the Local Planning Authority for approval in writing before being implemented.

If no such contaminated material is identified during the development, a statement to this effect must be submitted in writing to the Local Planning Authority.

Reason: To protect the amenity of local residents in accordance with Policy QE DM4 of the Adopted Arun Local Plan 2011 – 2031

Construction – Small Developments

The development shall be carried out in accordance with the 'Arun District Council Construction Code of Practice: For small developments in Arun', available from:

<https://www.arun.gov.uk/download.cfm?doc=docm93ijm4n12193.pdf&ver=12201>

Reason: To protect the amenity of local residents in accordance with Policy QE SP1 of the Adopted Arun Local Plan 2011 – 2031

Construction hours

No demolition/construction activities shall take place other than from 08:00 hours until 18:00 hours (Monday to Friday) and from 08:00 hours until 13:00 hours (Saturday) with no noisy work on Sunday or Bank/Public Holidays.

[In addition to these hours of working the Local Planning Authority may approve in writing a schedule of activities where it is necessary to conduct works outside the hours specified in this condition]

Reason: To protect the amenity of local residents in accordance with Policy QE SP1 of the Adopted Arun Local Plan 2011 – 2031

Advisory - EV Charging points

To encourage the uptake of zero emission vehicles in efforts to reduce air pollution it is recommended a number of the parking spaces are installed with electric vehicle charging points. Cabling could be installed in the remainder of the parking spaces to allow for additional charging points to be installed at a later stage.

Advisory - Heating Systems

We encourage the highest practicable standards of building insulation and use of renewable forms of heating (such as ground and air source heat pumps) as opposed to natural gas boilers where possible. This action would contribute to the improvement of local air quality and reduce overall GHG emissions in the long term.

**** if any heat pumps are to be included in the development the applicant shall be required to demonstrate that any pump/s meets the criteria detailed in the Micro Certification Scheme planning standards (MCS 020).**

Thank you for your consultation
Sincerely, Craig

Craig Milligan
