Dear Sir or Madam,

With regards to the planning application for 75 Felpham Road.

The reason for wanting to change the windows and adding glass to the existing door of the property, is to create more daylight into the unit. As the unit is to be a Deli/coffe shop we would like to create a comfortable feel for our customers. As it is at the moment, it is very dark and has a feeling of being cut off. There isn't the opportunity to look out of the windows and onto the street. The unit floor level is actually higher than the pavement which adds to the problem.

Yours Sincerely

Tracey King
