Dear Mrs Chapman

I note that there has been a comment posted online from the neighbouring property to 15 Chesswood Avenue, raising a concern about the roof lights to the proposed bedroom.

I would like to confirm that the bottom of the rooflights are approximately 1.8 metres above floor level, and are to provide additional light, rather than aspect, from the room.

I would be happy for a condition to be attached to any planning consent to ensure that the roof lights are in an acceptable position so as not to affect the amenity of neighbouring properties.

If you have any queries then please do not hesitate to contact me.
