Re
FP/195/18/PL
Mr. M. ISITT.

Dear Sirs

I am writing to object to the resubmission of plans FP/127/17/PL

The plans submitted were not correct. The previous owners of our property (No 1) made additions to the front + back elevations which resulted in a very narrow pathway (1 metre).

The proposed new dwelling will be very intrusive and loom over us, destroying and sense of space, light + privacy. We have already had the bungalow at the back of their garden only (1 metre space) which is fully occupied by Mr Michael Jackson, and is fully fenced from Mr Isitt's garden. This has been very intrusive already.

The proposal for the new building will have a very tight narrow appearance in the road.

Yours sincerely

MR + MRS A BALL
