Dear Sian,

Further to your letter dated 19th October, please find attached;

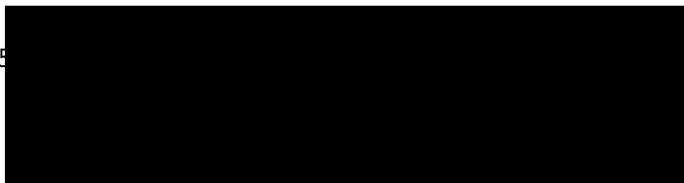

- Amended Site and Location plan with dimensions to all boundaries marked (ex. where extension on boundary line)
- Completed CIL Additional Information form
- Flood risk assessment - Part of the rear garden is in Flood Zone 2 but none of the proposed extensions fall into this area.
- Access Visibility Splay - Please refer to the Access Site Plan which indicates the visibility splay as requested. This is in compliance with Highways guidelines. The low wall in front of the property is only 0.6m high and will not impinge visibility.

I trust that this is adequate to validate the application but do let me know if you require any further detail at this stage.

Kind regards,

Tom
