Dear Zac

'Totally unacceptable' seems ironic really but please can we remove the pines from the application and apply to get the sycamore removed ASAP.

I appreciate your time, thank you for your assistance with 6 Ceres Place.

I look forward to hearing that we can arrange its removal ASAP.

Kind Regards

Will

Dear Mr Bowerman,

I have just received Arboricultural comments regarding your application for tree surgery at 6 Ceres Place, Felpham.

As it stands the application is set to be refused as the tree officer believes that the reduction of the pine trees is totally unacceptable.

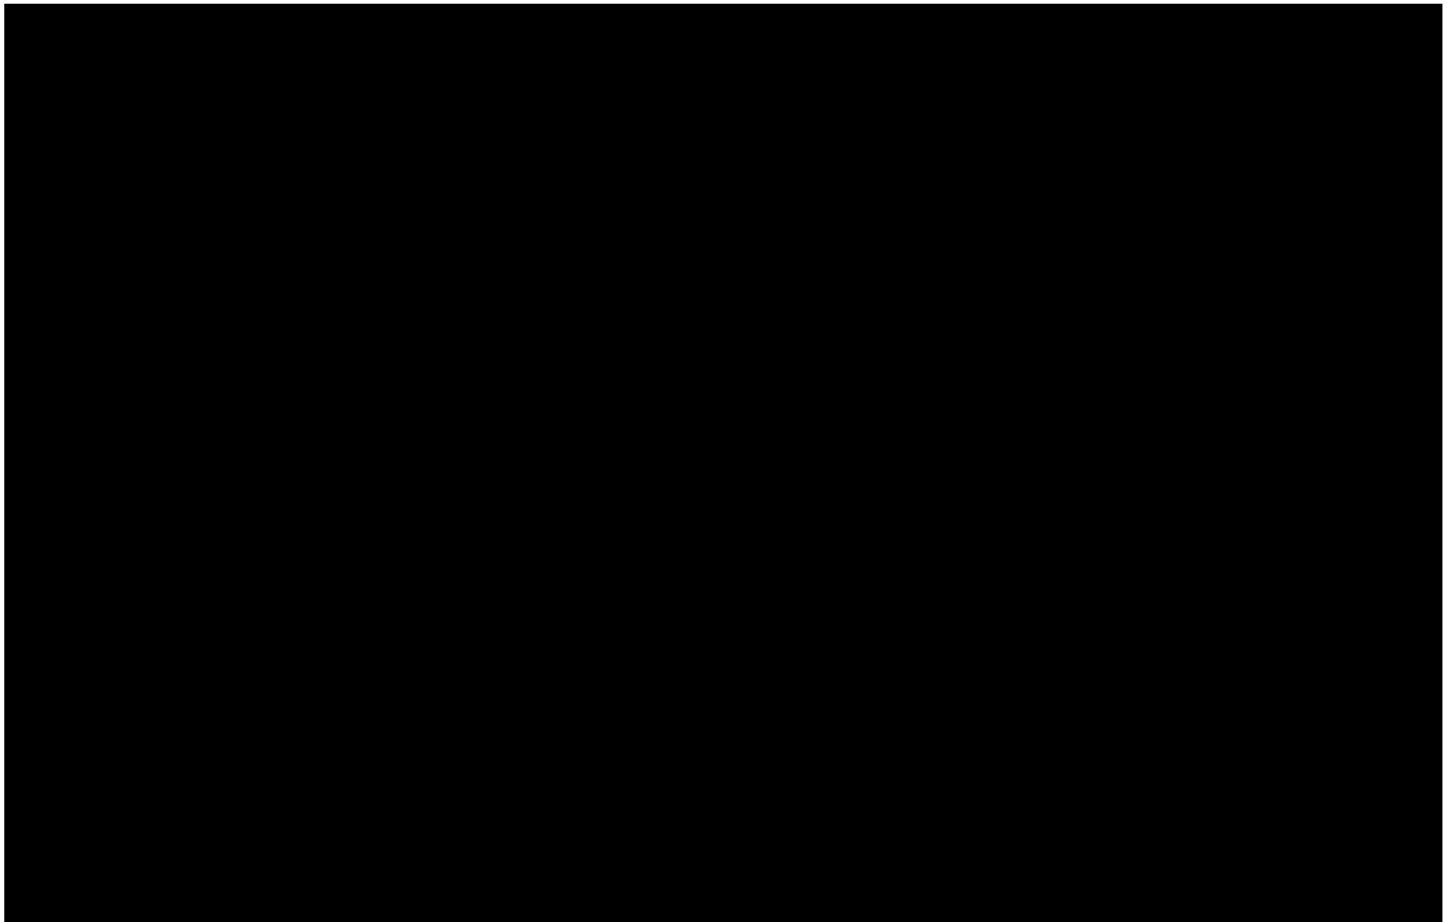

If the reduction of the pines trees was removed from the proposal, then the application would be able to be approved. (As it would only related to the felling of the Sycamore which is acceptable)

Please reply within a week so I can change this for you.

Yours sincerely,

Z Denton
