Subject: Prior notification of Tree works in a Conservation area

WORKS: Repeat pollarding operation to Holm Oak at front of 14 Limmer Lane, Felpham Village, PO22 7EJ, removing branches (regrowth since last operation) and making final cuts just beyond the established knuckles.

This notification is part of a routine pruning plan agreed with Mark Warwick, Tree Officer at Arun in March 2019. It is due to re-balance the current growth on the tree and reduce the crown making it manageable moving forwards.

It is worthy of note that I have noticed a “bow” and “crack” to the **historic wall** that I believe can only be being caused by the tree. I have attached photos in case it is deemed a problem to deal with. I would welcome some feedback.

Please can you confirm receipt of this notification and I look forward to receiving your findings.

Many thanks,

Charles Reid | Client Manager and Distribution Specialist

Expense Reduction Analysts
Hayley's Corner, 14 Limmer Lane, Felpham Village, West Sussex. PO22 7EJ
