Dear Miss Booth,

The panel at the top of the machine to aid users during the hours of darkness is part of the structure so can be illuminated. It is only the illuminated surround that requires advertisement consent. I await your amended plans and withdrawal of FP/20/14/A.

Dear Ms Chapman,

The Applicant are happy for the illumination on the Advert that surrounds the ATM to be turned off. However, they are would like to keep some illumination to the Machine itself (the panel at the top of the machine) to aid users during the hours of darkness to use the machine and for security.

Dear Miss Booth,

Any parts of the ATM machine should not be illuminated and turned off. The application FP/19/14 can then be described as retention of a non-illuminated ATM machine. Can you please amend the drawings E011552 and NW0295 to show that the cash machine is non-illuminated.

The advertisement consent FP/20/14/A is for the illumination only and should be withdrawn.

I hope this clarifies the situation.

Dear Ms Chapman,

Just to clarify what you want us to do.

Regarding the larger surround sign which is illuminated. Do you want us to withdraw the application and remove the sign altogether?
Regarding the Illuminated Panel which is part of the ATM. Do you want us to turn the illumination off that?

Regards

Carolyn Booth

Dear Miss Booth,

Further to your e-mail.

I can amend the planning application FP/19/14 for the retention of the cash machine. FP/20/14/A is advertisement consent for the illumination of the cash machine and as previously discussed this is not appropriate in this location. This is the one that should be withdrawn.

Please confirm that you wish to withdraw this application.
