Subject: RE: Planning Consultation on: FP/209/20/PL

Dear Sirs,

EH comments below for the above planning application with reference to the Arun District Council Environmental Health Planning Conditions;

Planning Conditions

CD01 – Construction/Demolition Management Plan

No development shall take place, including any works of demolition, until a Construction Management Plan has been submitted to, and approved in writing by, the Local Planning Authority. Thereafter the approved Plan shall be implemented and adhered to throughout the entire construction period. The Plan shall provide details as appropriate but not necessarily be restricted to the following matters:-

- a. An indicative programme for carrying out of the works;
- b. Details of the arrangements for public engagement / consultation both prior to and continued liaison during the construction works;

- c. Measures to minimise the noise (including vibration) generated by the construction process to include hours of work, proposed method of piling for foundations, the careful selection of plant and machinery and use of noise mitigation barrier(s);
- d. Details of any floodlighting, including location, height, type and direction of light sources and intensity of illumination;
- e. The parking of vehicles of site operatives and visitors;
- f. Loading and unloading of plant and materials, including permitted times for deliveries;
- g. Storage of plant and materials used in constructing the development;
- h. The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate;
- i. The provision of wheel washing facilities and other works required to mitigate the impact of construction upon the public highway (including the provision of temporary Traffic Regulations Orders);
- j. Measures to control the emission of dust and dirt during construction;
- k. A scheme for recycling / disposing of waste resulting from demolition and construction works i.e. no burning permitted.

Reason: To protect the amenity of local residents in accordance with Policy QE SP1 of the Adopted Arun Local Plan 2011 – 2031

CD02 - Hours of working on construction/demolition sites

No construction / demolition activities shall take place, other than between 08:00 to 18:00 hours (Monday to Friday) and 08:00 to 13:00 hours (Saturday) with no 'noisy' work on Sunday or Bank Holidays

[In addition to these hours of working the Local Planning Authority may approve in writing a schedule of activities where it is necessary to conduct works outside the hours specified in this condition]

Notes: the words in square brackets may be adjusted to reflect site specific constraints

Reason: To protect the amenity of local residents in accordance with Policy QE SP1 of the Adopted Arun Local Plan 2011 – 2031

AQ01 - Electric Vehicle Charging Points

Prior to occupation of any of the dwellings, a scheme for the provision of facilities to enable the charging of electric vehicles to serve the approved dwellings shall be submitted to the local planning authority for approval and thereafter implemented in accordance with the approved details and the charge points shall thereafter be retained and maintained in good working condition.

Reason: New petrol and diesel cars / vans will not be sold beyond 2040, and to mitigate against any potential adverse impact of the development on local air quality, in accordance with policy QE DM3 (c) of the Arun Local Plan, the Arun District Council Electric Vehicle Infrastructure Study (November 2017) and the National Planning Policy Framework (NPPF).

PCL03 – PCL: Asbestos

The owner(s) of any commercial property (warehouses, offices, etc.) built before 2000 are legally obliged to hold a copy of an asbestos register for each property in their portfolio. As the proposed development is being renovated to residential, the Council need to be satisfied that if any asbestos previously identified is still present, it is either removed or suitably managed to minimise risk to human health as there is no safe threshold for asbestos exposure. A copy of the asbestos register, and any remedial strategy (where appropriate), must be provided in writing to the Local Planning Authority prior to any works commencing.

Reason: To protect the amenity of local residents in accordance with Policy QE DM4 of the Adopted Arun Local Plan 2011 – 2031

L02 – Lighting

No external lighting shown on the submitted plans shall be installed until details have been submitted to, and approved in writing by the Local Planning Authority prior to the commencement of the development. This submission shall include a layout plan with beam orientation and a schedule of light equipment proposed (luminaire type; mounting height; aiming angles and luminaire profiles). The approved scheme shall be installed, fully assessed by a competent individual when operational to ensure no light creep / bleed, maintained and operated in accordance with the approved details unless the Local Planning Authority gives its written consent to the variation.

Reason: To protect the appearance of the area / the environment and wildlife / local residents from light pollution.

Kind Regards

Nick Howard
