What went wrong? (please give as much detail as you can)

I wish to complain about the Council considering approving a planning application for a dropped kerb at 88 Flansham Lane, Bognor Regis, West Sussex, PO22 6AH.

There are already 2 dropped kerbs between 94 - 98 Flansham Lane and if there are any more, residents will not be able to park in the road.

The Council already spends a lot of money on the park near our house, with the upkeep of the swings and slides and if people cannot park nearby it will cause a lot of problems.

If the Council lets this planning application go ahead there will not be enough parking spaces in the road.

The Council does not take anybody's view into account and I do not want to use the internet to object to this planning application and therefore I want to make a complaint. The Council just does what it wants. Residents pay their Council Tax and there is no point in paying it if there are not enough spaces to park in.

What do you think the Council should do to put things right?

Not allow any more dropped kerbs in Flansham Lane and not approve this planning application.

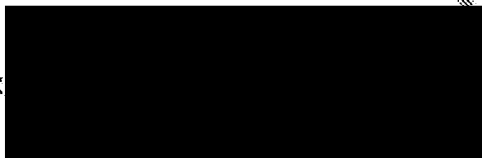

Listen to the residents of the district and think about the result of approving more dropped kerbs in Flansham Lane.
