Dear Ms Willard,

I write with respect to the above planning application. I understand that due to new plans being submitted, comments have been extended to 11th January 2021. I was not able to comment on the portal and so have emailed you instead.

As owners of the adjoining property, 55 Minton Road, we believe that this proposal is an over development of a relatively small plot. The proposed extension so close to our boundry will be profoundly imposing and intrusive. It will also affect the light to our garden.

Thank you for noting our concerns.

Julie Gosbee
