Dear Mr Swain,

I have just received Arboricultural comments regarding your application for tree surgery at Bryony, 26 Lionel Avenue, Felpham.

As it stands, the application is set to be refused as it is believed that the 5m lateral spread reduction would undermine the trees visual amenity.

However, the Tree Officer has made an advisory that would allow you "*2.5m maximum lateral spread reduction*".

The revised description would read as follows:

Crown reduction of 1No Ash Tree by 2.5m with a 2.5m maximum lateral spread reduction.  
Crown lift to provide a 5m ground clearance by removing newly formed branches.

Do you accept the advised works?

Please reply within 2 weeks.

Yours sincerely,

A Willard
