Morning Richard,

I just wanted to confirm with you that we visited the above site yesterday and after review our substantive comments provided on 13/12/2016 would still be considered relevant.

With regard to local representations citing inappropriate parking I would be minded to advise that if individual residents have concerns that people will/are parking across their access points then they apply to WSCC Highways to have 'Access Protection Lines' painted to discourage parking across or within close proximity to their points of access.

If you need any further comments on this one please let me know.

Kind Regards

Ian Hayward
