Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: FP/248/20/PL
Site Address: Land north of Felpham
Description of works: Revised details relevant to the sport pitch & changing facilities building (previously approved under Y/38/09/). This site also lies within the parish of Yapton & is in CIL Zone 4 (Zero Rated) as other development.

Thank you for your internet representation made on 10th April 2021 which has been recorded as an objection with the comments as follows:

OWPC35056

We strongly disapprove of this planning application due to the fact that originally the builders of the estate removed trees to the rear of our property and on the side of the areas now up for permission that originally had preservation orders against them. This means that this shouldn't be allowed to go ahead unless some serious noise abatement amendments are put in place as well as assurances for 24 hour cctv monitoring of the premises as this is prime area for travelling families to setup camp or for the issues further over on the estate of antisocial behaviour to shift over to this area which is backed into multiple houses with very young children once it is open and we cannot have those kind of issues as both of the above points unless fully addressed to the satisfaction of residents as it could severely impact the value of our properties if this is not done. We look forward in advance to seeing copies of noise estimations and plans that have been put in place to not disturb the peaceful use of the properties adjoining this area by their owners without constant interruptions or noise along with also a plan for the replacement of the trees that were removed and thus removing what was a completely opaque barrier to this land.

Your views as made above will be considered before the application is determined.
