Having just read the application again I would like to make following additional comment in that the application states that it will not effect the current parking arrangement.
This is in fact incorrect as it clearly does away with the current garage.
It is also incorrect as it does not allow for the increased parking going to be required due to the increase in bedrooms.
As the size of the plot does not allow for off road parking I would hope the plans are turned down.
Please add this to my previous objection.
