Dear Richard

Laura approved our latest drainage design and by copy to you on the 5/3/19.

Richard- I am happy to remove the need for the pre-commencement condition and instead have a condition which states that construction should be completed in accordance with the submitted surface water drainage details, i.e. Drawing 404127/10P3- Drainage GA and Details.

The EA has responded with no objection, again subject to a condition, so I can see no reason why this application cannot be approved asap.

Many thanks

Kind regards

Ivon

Hi Laura/planning department

Sorry to be a pain but can you make sure Richard Castro Parker is aware that you have approved the drainage design as it is not posted on the web site. Can I ask that your reply is posted on the site.

I am not sure he is aware of this.

By copy of this email to the planning department can I ask that a copy is posted on the web site along with all other emails I have sent in respect of this application.

Kind regards. Ivon

Ivon,

I have been through Richard's cases with him and discussed when he hopes to write his report.

Given the number of applications he has that are older than yours he should be in a position to write up his recommendation at the end of next week.
