Telokham

DOZZ TAN

17th December
2017

Dear Sir / Madam

Re. FP / 268 / 17 / PL

I would like to object to
the proposed development on
the boat pond in Clyde rd.
The plans show a very high
building. By my estimation it
will be higher than a neighbour-
ing development - GULL POINT.

The whole character of this
Victorian / Edwardian part of Telokham
village is being changed and
losing its character.

Also the building of this
will require ~~pin~~^{pile} driving which
shakes the neighbouring houses

causing structural damage.

When your paint was being
built you received numerous
complaints from neighboring
houses because of cracks appearing
in plaster.

Yours sincerely
