I hereby wish to lodge my objections to the above mentioned planning reference, for the 9 bedroom Beachcroft Hotel annexe on Clyde Road.

I object on the following grounds:

1. The proposed size is too big to be fitting for the surrounding area, which are primarily small Edwardian properties, dwarfing even the Gun Post next to it.
2. Clyde Road is already extremely busy as a narrow road used by residents, visitors and clients of the Beachcroft Hotel (in its current form) for parking. Any large scale building works and further commercial development will only add to the traffic problems.
3. The concept of 'additional parking at All Saint's Church' is unresearched, unhelpful and flat out incorrect. (All Saint's Church does not exist in this area) **As a resident of Clyde Road** I should not be disrupted and made to park in different locations due to a development I oppose.

I would like to add that the letters of support for this development received from people who do not live or work in the area should be given far less attention than those from residents and others to whom it will directly affect on a daily and ongoing basis.

Regards
