Hello Neil

What should I do with this?

Is it just correspondence/rep/obj?

Please let me know?

Mandy

Mr. Neil Crowther
Group Head of Planning

Dear Mr Crowther

Good morning.

Re subject planning application (to which I raised an objection), could you please arrange to publish the internet correspondence from Felpham Parish Council in respect of subject

application, to which you responded that the comments from the Council were considered as "No Objection". (Your responses OWPC21126 (2 letters) and OWPPC21124 (1 letter) all dated 16th January 2019.) My understanding of the Arun District Council procedures is that all information related to comments on planning applications will be published.

Also, as the property is owned by Admiralty Developments Ltd., a commercial entity, I believe it appropriate for such information to be declared to Arun District Council on the planning application together with the role/authority of the person/s submitting the application on behalf of Admiralty Developments.

It correspondingly follows that the submissions by Rodway Planning Consultancy, Arbortrack Systems Ltd. and Sussex Building Consultancy Ltd. should provide evidence of authority to act on behalf of Admiralty Developments Ltd.

With respect, and from my long experience in contract procedures and subsequent contract compliance, the current Arun procedures relating to the role/position/authority of the applicant to submit the proposal, proof of ownership, supporting evidence of authority to act on behalf of the applicant by companies (or individuals), are either missing, do not provide adequate transparency - nor an appropriate audit trail. This planning application is a relevant example.

Kind regards

Chris Jackson
