Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Application No: FP/274/21/OUT
Site Address: Bognor Regis Golf Club Downview Road Felpham PO22 8JD
Description of works: Outline planning application with all matters reserved, except means of access, for the erection of up to 480 new homes (C3), the formation of a new means of access onto Golf Links Road, together with the creation of new surface water drainage, new landscaping and habitat creation, ground works and other infrastructure and the retention and re-purposing of the retained club house (F2). This site also lies within the parish of Yapton, affects a Public Right of Way and is a Departure from the Development Plan. This application is subject to an Environmental Statement.

Thank you for your internet representation made on 1st March 2022 which has been recorded as an objection with the comments as follows:

OWPC44802

The impact of this development on the local community will be very detrimental as there is not the infrastructure to support this additional number of houses. The schools, doctors, dentist are already at capacity and will be unable to support this number of additional people.

The road system is already over crowded, particularly at peak times and the start and end of school days. The increase in the number of road vehicles will put our children at much greater risk of being involved in accidents, the air quality will be much poorer, leading to increased numbers of people suffering from breathing difficulties and associated illnesses. And then not being able to access the medical care needed. Downview Road and Golf Links Road are residential areas, the increased traffic will cause unacceptable levels of disruption particularly at peak hours, as these roads were not designed to cope with the increase in vehicles this proposed development will unavoidably lead to.

The lose of habitats for the considerable wildlife that lives on the golf course will also be detrimental to the local environment.

Your views as made above will be considered before the application is determined.
