Thank you for your internet representation made on 10th March 2022 which has been recorded as an objection with the comments as follows:

OWPC45068

This is a vital green space for our non-human world. Situated right next door to a conservation area, and connecting to the fields and flood lands it is a vital green corridor. The small area, already received a massive set back for wildlife when permission was given to build a glider runway! The area is rich in mature trees, home to owls and rarely spotted bird species.

The area is frequently a sit for swan nesting and is a vital green corridor for the deer population to reach the small woods and then safely out again.

Our green spaces are shrinking too rapidly. With 1-3 people having no access to nature. This public footpath which such important trees is a rare landscape to find out of a park that must be protected for generations to come. Parks are traps for wildlife, enclosed in small areas. This golf course is a vital connecting piece of thriving land where our non-human counterparts are safe to live.

Your views as made above will be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish your comments including your name and address on the website. Please make sure that you have only provided information that you are happy will be published in this way. If you have supplied information belonging to a third party, you must make sure you have their permission to do so. If you do not wish your comments to appear on the website or on the file you will need to confirm this by emailing to planning@arun.gov.uk and I will arrange for
