PLANNING APPLICATION : FP/274/21/OUT

I wish to register my strong objection to the proposed sale of Bognor Regis Golf Course for many reasons.

Why sell one area only to put it somewhere else near by?

Since I moved to this area in 2000 and been a member of the club, numerous houses have been built on open farmland at Blakes Mead, killing any idea of a village! Where there was farmland now stand congested houses!

Playing at the club, I appreciated the lovely trees, and wild life on the course. Are they now going to be cut down, and yet again, encroach on wildlife habitat, just to make way for houses, and profit for builders! In winter, the course became water logged most years, often for a month, due to the Rife overflowing.

Not only loss of countryside, but where is the traffic to go. You say 480 houses, that probably equates to 960, or more, cars on already congested roads. Possibly 1,920, or more, wanting doctor's appointments, great impact on local schools.

The bungalows built near the course, are often owned by elderly people, who no doubt bought due to the serenity of the area, would lose the reason they bought the properties. They should be taken into consideration, as no doubt would lose value on their homes also.

I do fervently hope you will reject this application.
