Dear Sir/Madam,

I am a resident in Felpham who went to school here, had children who grew up here and have lots of family based in Felpham and Middleton.

I feel compelled to write to raise my objections to the proposed planning on Bognor golf course. The development is NOT part of the local plan and will cause further detrimental further impact to all residents with regard to the infrastructure and residents ability to obtain services such as schools and doctors which are already overburdened.

With the increasing housing development around Yapton and Barnham as well as the large development already completed next to the golf course I fail to see the justification in building over the golf course. Surely from an environmental perspective alone, this is not viable?

If the proposed development gets the green light, I will seriously consider moving away from the amazing village that I have spent the majority of my life in. This development should not be allowed to happen.

Kind regards,

Mark Riggall
