Planning Dept

I am very much against the plan for the Golf Course in Felpham they take no interest of local com the school are all nearly overcrowded the roads are very congested firs avenue is terrible since the roundel estate has been closed to get out of my driveway in the morning is almost impossible with new housing it will be even worse the delays at the traffic lights is bad enough now The countryside is being eaten up the will overcrowding of new houses soon there will be no countryside left around Felpham

Yours faithfully
