27 March 2022

Dear Sir,

I am writing to protest about the proposed development on Bognor Golf Club. Blakes Moor has already impacted our lives in Whitelands counting 115 cars in 35 mins between 8.15am - 8.50am on the school run, very few keep to speed limit, no speed humps so road used as a rat run.

I am against the new development being accessed from Downview Road it should be accessed from the new road, as our roads are not meant for the quantity of traffic which would result from this new estate.

There should be a new school as promised on the previous development and a doctors surgery, we just can't take anymore people.

Please listen to the general public and I hope you will see the impact it will have.
