To build on a golf course, to build yet another one is not a great idea, this proposal is one of quite a few, whereby golf clubs receive a new course + to give up the existing for development, this is not sustainable, surely the golfing fraternity have enough courses, a good drive would get to Littlehampton. As for the housing, please leave some green space-this why people want to live here, cutting off the branch your sitting on springs to mind..

Your views as made above will be considered before the application is determined.
