Good afternoon,

Further to my earlier email of today, I would like the following points to also be included in my protest against the development.

Why is this being considered at all? We have golf courses at Littlehampton and at Glorious Goodwood, not to mention the facilities at Hunston and a few others slightly further afield, such as Midhurst.

These proposed major ideas of development are not included on the Local Plan "which will protect us".

There have been some facilities lacking on new developments, ie Blake's Mead. Once again, I strongly agree with all comments made against these plans. Bognor Regis and surrounding areas are a wonderful place to live but the most attractive features have been destroyed and replaced by hideous buildings - The Regis for example, a prime site with no sea view!.

Recently on Sussex Live Radio they reported that the Waterfall golf course has become the newest addition to the Southdowns Nature Reserve. What a wonderful idea to increase precious green spaces. Please, please consider all the local Residents' opinions and decline the development.

Thank you, Eileen Gerard
