Dear Sirs,

I believe it is absolutely incredulous that there are plans to develop the beautiful green space that is the Golf club. Though not a member I have attended many celebrations, fund raisers and wakes. It's always a pleasure to drive over the relief road to see the park and during lockdown enjoyed walking around this beautiful green space.

As many have already stated, the local GP practices and hospitals are already overwhelmed, as are the local schools. Traffic is also incredibly heavy - last Friday, returning from Bognor, the roads were completely gridlocked. Cars queueing to enter Butlins, often blocking the roundabout, school children being ferried home from, FCC, Downview PS and Bishop Tufnell PS. Whichever road I took to reach my home on Flansham Park was impossible. How any emergency vehicles could get through is anybody's guess. All this before the summer season.

How Hallam can possibly state that "that local schools will absorb the extra pupils and that there will be no extra delays at Downview Road traffic lights.

At a time when we are all urged to plant more trees to help the environment recover, to build on this little oasis of is abhorrent.

When driving either to Chichester, Fontwell, Yapton, Barnham and further afield to Worthing, the amount of development is overwhelming. These previously green fields will never be regained. Please stop this development - Enough is enough.

Yours truly,
Eileen Gerard
