Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Application No: FP/274/21/OUT
Site Address: Bognor Regis Golf Club Downview Road Felpham PO22 8JD
Description of works: Outline planning application with all matters reserved, except means of access, for the erection of up to 480 new homes (C3), the formation of a new means of access onto Golf Links Road, together with the creation of new surface water drainage, new landscaping and habitat creation, ground works and other infrastructure and the retention and re-purposing of the retained club house (F2). This site also lies within the parish of Yapton, affects a Public Right of Way and is a Departure from the Development Plan. This application is subject to an Environmental Statement.

Thank you for your internet representation made on 6th April 2022 which has been recorded as an objection with the comments as follows:

OWPC46308

The golf course is a feature of the village of which the local community is rightfully proud. An established parkland and haven for wildlife which also played a vital role in the wellbeing of local residents able to enjoy its beauty during lockdowns while the country was in the grip of the pandemic. To remove BRGC and blight the area in favour of further inappropriate building, already decimated by overdevelopment would be a betrayal of the local people. The development in recent years locally has been all consuming and has already affected the beauty and character of the area. Much has been made about the lack of infrastructure. To compound the existing difficulties experienced by local doctors' surgeries, schools etc seems foolish and likely to court problems. Our roads are choked with cars, drains and sewage services are under severe strain - does it make sense to exacerbate these issues? I can see no justifiable benefit to this plan for building further houses. Instead I would urge that if further housing is really needed in this area a more forensic approach could be made into looking into existing empty housing stock rather than to sacrifice a local attraction of long standing and status.
