Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Application No: FP/274/21/OUT
Site Address: Bognor Regis Golf Club Downview Road Felpham PO22 8JD
Description of works: Outline planning application with all matters reserved, except means of access, for the erection of up to 480 new homes (C3), the formation of a new means of access onto Golf Links Road, together with the creation of new surface water drainage, new landscaping and habitat creation, ground works and other infrastructure and the retention and re-purposing of the retained club house (F2). This site also lies within the parish of Yapton, affects a Public Right of Way and is a Departure from the Development Plan. This application is subject to an Environmental Statement.

Thank you for your internet representation made on 6th April 2022 which has been recorded as an objection with the comments as follows:

OWPC46347

I must object most strongly to this proposal.

1. 480 or thereabouts new homes in this area, has Felpham and Middleton not already had its new share of housing?
2. Downview road will not be able to take this extra traffic. It already struggles with the current traffic at peak times.
3. There is insufficient infrastructure to cope with the additional residents. Doctors, Schools, Dentists and other local services will be even further stretched.
4. This urbanisation will lead to a significant increase in surface water run off at times of peak rainfall. This will make flooding much more likely and also make it worse. Anyone remember canoes and boats in Felpham Way a few years back, 2012 I think? Do we want to see this again? I think NOT!
5. Significantly more strain will be imposed on other infrastructure such as sewage, electricity, gas and all

other utilities which are already stretched locally.

Please ensure this development is NOT allowed to go ahead.

Your views as made above will be considered before the application is determined.
