Dear Sir/Madam
FP/274/21/OUT

We are writing to raise our strong objections to the above application on the grounds of lack of infrastructure, With an already overstretched health provision I.e. Doctors, Dentists, Hospitals and Social Care Services without consideration of the overloaded road systems, Schools etc. How can all of these services run smoothly with an additional 480+ plus homes?

Add to that the severe damage to the environment locally and potential for yet more flooding and loss of our wild life.

We would urge you to dismiss this application for the sake of the existing community, leave Felpham as it currently is.

Yours sincerely

Terry and Vivien Markey
