I OBJECT to the plan to build houses on Bognor Golf Course.

As a local resident I already experience the traffic problems on the A259. The infrastructure in this area is not able to support an increase in houses.

There is not enough capacity in the local schools and doctors' surgeries and the leisure facilities are at their limit.

This development would destroy a much needed "green corridor" which supports wildlife. It is an asset to the community and this kind of overdevelopment should be resisted by our planning officers. The application mentions "new landscaping and habitat creation", when in fact it will be destroying that which already exists!
