I would like to register my vote AGAINST the development of Bognor Golf Course to housing.

Nick Gibb is against this, ALL the local councils are against it, the local Doctor's surgery is against it, the local schools are against it and the local people are against it... so if this planning application does get approval it will be solely down to Arun District Council when the inevitable problems start arising.

It is quite clear the golf club are already fully expecting this application to be approved as they have had the new clubhouse designed by architects and the new course itself has already been planned out, so either ADC have indicated to them that it is a foregone conclusion or the golf club are so confident that it is going to happen they have started the ball rolling already.

Please do not fall for the false promises of the developers to get this proposal through as we all know from the Blakes Mead project once they get their application approved they move the goal posts.

My other concerns would be the listed building of the current clubhouse and loss of ancient woodland and the huge variety of wildlife that live there.

The joke of it is the affordable houses that have already been built on Blake's Mead are not for local residents, people have been shipped in from housing associations across the country and crime has seen an increase in Felpham as a consequence.

So when you inevitably pass this application against every other section of the community's advice ADC will be responsible for the fall out when traffic is gridlocked, nobody can get a doctors or dentists appointment and the school places have dried up. Driving around Yapton, Ford, Barnham, Clymping, Westergate, Littlehampton, Chichester etc etc all we see is fenced fields ready for development, when is it all going to end??!!!

Regards
Mrs A Parke
Felpham resident
