Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Application No: FP/274/21/OUT
Site Address: Bognor Regis Golf Club Downview Road Felpham PO22 8JD
Description of works: Outline planning application with all matters reserved, except means of access, for the erection of up to 480 new homes (C3), the formation of a new means of access onto Golf Links Road, together with the creation of new surface water drainage, new landscaping and habitat creation, ground works and other infrastructure and the retention and re-purposing of the retained club house (F2). This site also lies within the parish of Yapton, affects a Public Right of Way and is a Departure from the Development Plan. This application is subject to an Environmental Statement.

Thank you for your internet representation made on 8th April 2022 which has been recorded as an objection with the comments as follows:

OWPC46479

Current Gov policy says it will protect wildlife and green spaces against development. This application will destroy the habitat of the owls, deer and water vole that live within the area. It is further destruction of a green space and loss of the gap between Felpham & Bognor. Where will the 1000 additional vehicles move to and from within the area? Felpham is already heavily congested especially at the school locations. Where will these people work, where will the children attend school and which medical surgery will be able to cope with the additional patients? Felpham has already had to endure the additional houses on Blakes Mead with the ensuing traffic chaos within the locality and lack of additional educational and medical facilities that had been promised with the original application that was later amended and facilities not built putting additional pressure on existing schools and medical practices. To develop onto a site which floods seems totally irrational?

Your views as made above will be considered before the application is determined.
