Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)

Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Application No: FP/274/21/OUT

Site Address: Bognor Regis Golf Club Downview Road Felpham PO22 8JD

Description of works: Outline planning application with all matters reserved, except means of access, for the erection of up to 480 new homes (C3), the formation of a new means of access onto Golf Links Road, together with the creation of new surface water drainage, new landscaping and habitat creation, ground works and other infrastructure and the retention and re-purposing of the retained club house (F2). This site also lies within the parish of Yapton, affects a Public Right of Way and is a Departure from the Development Plan. This application is subject to an Environmental Statement.

Thank you for your internet representation made on 8th April 2022 which has been recorded as an objection with the comments as follows:

I strongly believe this application will not only destroy the beautiful, natural habitat but also cause major disruption, peace and safety to the roads and surrounding area around Downview Road. At present chaos ensues already during early morning and mid afternoon due to school traffic. The roads are frequently riddled with potholes and the long delays up to the traffic lights are, at best, frustrating. If this Road is opened up to a vastly increased amount of traffic, then, roads will be totally gridlocked, potholed as the moon surface and highly dangerous for parents and children (let alone local residents of these nearby roads!). At present the local Doctors are at bursting point, with chances of an appointment, unlikely. Thus increasing the populous will make this situation completely unworkable, perhaps even becoming the Catalyst for deaths in the elderly, as a lack of medical support will, not doubt insure! The rich, natural habit, that so many local residents enjoy will be permanently lost for this and future generations. The beautiful mature trees on the course which, not only Hold TPO's and must home many birds and animal life, will be criminally removed. The local schools, (one of which my granddaughter resides) will no doubt struggle with the increase in attendance. The roads will not cope with the staggering increase in traffic. The main route through Felpham was only eased with the building of the new road and viaduct. Therefore, the traffic situation will return to before the new road was built. I object strongly to this plan as it will in my opinion: create damaged roads, dangerous roads, congested roads, flooded roads and houses, destroyed green habitat, swamp already full doctors surgery's, dentists and

schools.

Your views as made above will be considered before the application is determined.
