TO WHOM IT MAY CONCERN

I strongly object to this proposal. It is unbelievable that you would even consider building so many new homes on what is currently a flood plain and at Level 3 which I believe to be the worst? Also Doctors and Schools are already bursting at the seams. The local amenities simply cannot cope with any more numbers.

This sounds like a money-making exercise for a developer - as always, and no Council is bothered about the bigger picture and the devastating affect this will have on residents who have lived there all their life. It is not progress - it is another reason where the Council have no idea just how severe an impact this will have on local residents & the surrounding community.

It is very worrying, and if permission is granted, then a formal enquiry needs to be started as to why.

Many Thanks & Kind Regards

Mrs Clarke (Trustee)
