I object to this application for the following reasons.

The whole site is in Flood zone 3, to concrete this over will produce more flooding especially to the south. Also rising sea levels to contend with.

Loss of the local green gap and habitat.

Downview Rd., cannot take the amount of extra traffic that would be created, and would become very dangerous.

Traffic-lights on to B2259 could not cope, and would cause huge congestion in all directions.

Infrastructure would be overwhelmed, Doctors, Dentists, Hospitals, Schools, all unable to cope now.

This application is totally unacceptable.

Mary Harvey(Cllr)
